

## The Woldingham Village Hall

The Village Hall, which was the culmination of five years of local effort and hard work, was officially opened on 19<sup>th</sup> October 1968, and over the years has proved to be the heart and hub of most of Woldingham's activities. It is used by residents of all ages, and by visitors from far beyond. The annual Christmas pantomime is a prime example of village enterprise and co-operation, and the Players also draw on many diverse talents with their annual productions and regular entries into drama festivals.

Part of the Village Hall is used regularly on term-time mornings by a Nursery School. It has provided the venue for many social celebrations, for national occasions such as the Millennium and the Queen's Golden Jubilee, and biannual local events like the Horticultural Shows. It has seen public charity events and private family occasions such as weddings and birthday parties. It continues to be the setting for dinner-dances, concerts, theatricals, antique, craft, art and fashion shows, group study and social days, badminton, short-mat bowls and keep-fit.
