Dear Resident,

I am writing to make you aware of the imminent planning application, which if successful will result in a new road being built from Oxted Quarry on Chalkpit Lane onto The Ridge. This road is to allow lorries, dumping builders' waste, to exit the quarry. These lorries will then leave the Ridge via Woldingham Village, Limpsfield, Westerham or Warlingham all unsuitable routes for 30-ton lorries.

Waste has been dumped at the quarry for some time without incident and it was only when the railway bridge in Chalkpit Lane was closed for repair, blocking access to the A25 that problems occurred. In our opinion the new road is unnecessary. The quarry will be operational until the year 2042 attracting as many as 200 lorries a day from the London area through the villages listed above.

Over 200 local residents attended a public meeting on the 15th December and pledged over £6000. As you were unable to attend the meeting we are asking for your support. Pledges made, typically of £50, are already being redeemed. **Please help us by filling in the form below and sending it with a cheque to Bobby Johnson, made payable to WAG** . There will be a proportionate return of unspent funds when the WAG is wound-up. Visit the Woldingham Village website for more information.

Thank you in anticipation,

Keith Newell

Bobby Johnson
