Dear Woldingham Historical Society

Parish Councillors visited 'A History of Woldingham in Maps' exhibition on Saturday 16th June. We wanted to write to tell you how fantastic we thought it was.

The thought and effort that went into the curation meant that any member of the community could learn fascinating historical facts about their corner of the village and could trace the shape and features of Woldingham throughout its history.

As Chair I learnt my next door neighbour's house was obtained by the Government in the Second World War, a fact I had no idea about. I also could not park at the Village Hall due to the number of visitors. It seemed to have been enjoyed by a large number of villagers.

Well done. We are proud as the Parish Council to have funded such a wonderful event.

Best regards

Matthew Quaife
Chairman, Woldingham Parish Council
